REMARKS

The figures of births and deaths shown in this statement for week ending the 25th May, 1957 relate to 146 towns with an estimated population of 17,746 thousands. Information about Assam, Bihar, Bombay, Delhi, Madhya Pradesh, Orissa and West Bengal could not be included. The total number of towns is 319 and their population is 42,930 thousands. Thus 46% of the total number of towns representing 41% of the total population

is covered in this statement. The number of births and deaths recorded in these towns were 9,811 and 4,486 representing birth and death rates of 28.7 and 13.1 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States :—
